AFFIDAVIT

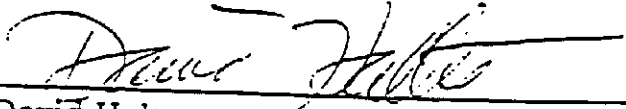

The Affiant, being first duly sworn, does depose and state:

1. I work in the field of auto body repair in the State of Arkansas. I have refused to use imitation crash parts in the repair of vehicles due to their substandard fit, finish, structural integrity and overall appearance and quality.

2. A State Farm official talked to me in May of 1997 and informed me that State Farm was bigger than God and that State Farm could do whatever they wanted to with these imitation parts because nobody could stop State Farm, we didn't have enough resources to fight it. The State Farm official told me that I should stop fussing about the use of imitation parts and stop fighting State Farm.

3. The above and foregoing is true and correct to the best of my knowledge and belief.

Further Affiant sayeth not.
